PROFESSIONAL EXPERIENCE

IT Associate - NexCore Business Solutions

February 2023 - Present | Colombo, Sri Lanka

- Support 180+ internal users across finance, HR, sales, and operations by resolving Microsoft 365, Windows, printer, network access, ERP, and document access issues.
- Handle Microsoft 365 support tasks including Outlook troubleshooting, Teams meeting issues, shared mailbox access requests, OneDrive sync issues, and SharePoint permission follow-up.
- Coordinate Active Directory and system access requests by preparing user onboarding, role change, password reset, and exit checklist documentation for approval.
- Provide ERP user support by assisting with login issues, browser compatibility, report access, transaction screen errors, and escalation of application defects to vendors.
- Maintain IT asset inventory, update device allocation records, verify laptop and accessory handovers, and support monthly asset reconciliation activities.
- Work with vendors for hardware repairs, printer maintenance, CCTV service requests, software renewals, and issue follow-up until closure.
- Prepare weekly service desk summaries showing open tickets, repeated issues, user departments affected, and recommended preventive actions.

Junior IT Support Officer - Lanka Corporate Services

June 2021 - January 2023 | Colombo, Sri Lanka

- Provided desktop support for Windows workstations, printers, scanners, antivirus alerts, browser issues, and basic LAN connectivity problems.
- Assisted with new user onboarding by preparing laptops, configuring Outlook, mapping shared folders, connecting printers, and verifying user access with department heads.
- Documented support calls and prepared step-by-step user guides for common issues such as email setup, file sharing, password practices, and PDF printing.
- Supported IT security awareness by reminding users about phishing emails, password hygiene, authorized software usage, and safe handling of company documents.

KEY ACHIEVEMENTS

- Reduced repeated Outlook and printer support requests by preparing user-friendly quick guides and sharing them with department coordinators.
- Improved laptop handover accuracy by maintaining a structured asset checklist with serial numbers, assigned users, accessory records, and return status.
- Helped improve service desk visibility by preparing weekly issue summaries and identifying recurring problems for management review.
- Supported faster ERP issue resolution by capturing clear screenshots, user steps, error messages, and business impact before escalating to the vendor.

EDUCATION

Bachelor's Degree in Computer Science

University of Colombo School of Computing | 2021

Diploma in Information Technology

Sri Lanka Institute of Advanced Technological Education | 2019

CERTIFICATIONS

- ITIL 4 Foundation awareness - incident management, service request handling, escalation and service improvement concepts
