WORK EXPERIENCE

IT Support Intern - ABC Business Solutions

Jan 2025 - Jun 2025 | Colombo

- Provided first-level support for desktop, printer, email and browser-based system issues.
- Assisted developers by testing web forms, reporting bugs and verifying fixes before deployment.
- Prepared simple technical documentation and user guides for internal staff.

Freelance Web Developer - Academic and SME Projects

2024 - Present | Remote

- Built responsive web pages using React, HTML, CSS and JavaScript based on client requirements.
- Connected PHP APIs with MySQL databases for login, application submission and admin dashboards.
- Configured PHPMailer SMTP settings and tested automated email notifications.

PROJECTS

HR Recruitment Management System

Developed a React, PHP and MySQL based recruitment system with candidate application forms, CV upload, admin screening, interview scheduling and email notifications.

Vehicle Accident Alert System - Academic Research

Implemented accident detection workflow using IoT sensor inputs, GPS location details, severity classification and emergency response status tracking.
